

YOUR JACK NEEDS ARE ANSWERED

HEAVYWEIGHT QUALITY, KNOCKOUT PRICE

It's not just something we drop in an Advertisement. It is our way of life here at K Tool. Never is it more apparent than with our (KT163133A) 3.33 Ton Low Profile Service Jack. Heavy-duty steel construction with a dual pump piston power unit that raises the saddle to load in just 1-2 strokes. At a low height of 3-3/4 in. and max height of 21-3/4 in., this is the answer for your service jack needs. The built-in valve prevents you from over-loading, so those little mistakes won't cost you a jack. But don't take our word for it, try one out for yourself today.

The Extreme Tools® Deluxe Tool Cart (patent-pending) can be used as a stand-alone tool cart, or it can be combined with the Extreme Portable Workstation™. The most unique feature of this tool cart is the top storage compartment. Open the lid and you can access all of the tools in the top drawer. Close the lid to use it as a work surface, and the top drawer pulls open to access your tools. It is the most versatile design you will find! Ball bearing slides on the drawers are load-rated 100 lbs per drawer. Plus, we have included pry bar and tool hangers/holders on the sides of the cart. Open the lid to access your pry bars. Close the lid, and they are securely locked in place to prevent theft. Bumpers on all sides and four lockable swivel casters allow you to easily move the tool cart throughout the workspace.

TOOL STORAGE

TRAYS/SOCKET RAILS AND SOCKET HOLDERS

3 Row Lock-A-Socket Trays

- Features the famous Lock-A-Socket technology
- Made of 16 gauge powder coated steel
- Overall size is 17-1/2" L x 5-1/4" W
- Rubber pegs located underneath for surface protection

The 1/4" drive Lock-A-Socket Tray allows you to securely organize all of your 1/4" drive sockets on one heavy duty tray. This allows you to take your sockets with you to the work area.

MTSLASTRAY25 - 1/4" Drive • Accommodates 51

MTSLASTRAY38 - 3/8" Drive • Accommodates 36

MTSLASTRAY50 - 1/2" Drive • Accommodates 36

MTSLASTRAY

5 Row Lock-A-Socket Tray

- (76) Lock-A-Socket posts allow you to have 1/4", 3/8", and 1/2" drive Lock-A-Sockets
- 2 Rows of 1/2" Drive locking posts w/14 posts each
- 2 Rows of 3/8" Drive Locking posts w/14 posts each
- 1 Row of 1/4" Drive Locking posts w/20 posts each

MTSLASTRAYMBG

5 Row Lock-a-Socket Tray in Matte Black/Green Posts

- 5 rows of locking posts to lock sockets onto tray; holds a total of 76 sockets for 1/4", 3/8" and 1/2" drive, allowing you to have a variety of drive sizes in one place
- Made of 16-gauge powder coated steel for extra strength
- Swivel handles for easy carrying & rubber pegs located underneath for surface grip & protection
- Dimensions: 20"L x 8 3/4"W x 1"H

VIMV444

4 20-Clip Rails Socket Tray

- Holds 1/4", 3/8" and 1/2"
- Keeps all sockets in one place in your tool box
- It accommodates a wide range of sockets and attachments including regular, long, universal, and extensions
- Has convenient carrying handle to carrying them to the job and avoid returns trips to the ones you forget
- Easy to spot a missing tool
- Tray loaded with tools is heavy enough to stay put without fastening in place, even when removing sockets from the rack. Rack tray is 6" x 18" metal frame with four 17" socket racks.

VIMV520 - 1/4" Socket Rack, 10-1/4" Studs

VIMV521 - 3/8" Socket Rack, 10-3/8" Studs

VIMV522 - 1/2" Socket Rack, 10-1/2" Studs

Pliers and Wrench Racks

- Keeps toolboxes neat and organized; by holding pliers and wrenches vertically, tools take up less space in the toolbox while keeping them easy to identify, locate and grab
- Only 1-5/8" tall - specially designed slot allows thinner pliers and wrenches to remain vertical
- Affix double-sided foam tape to hold rack in place in toolbox
- (10) 5/8" wide slots for narrow tools and (3) 7/8" wide slots for larger tools. Made of durable molded plastic.

TRAYS/SOCKET RAILS AND SOCKET HOLDERS

MAG-CLIP[®]

By K-Tool International[®]

Socket Caddy

- Allows users to customize the storage and organization of some of the messiest areas of the average tool box, such as the socket drawer. The base of this product is made out of a high impact plastic magnetic grid. Use with additional Power Pegs (sold separately) in any combination of 3 drive sizes to customize your workspace.
- Shallow or deep, standard or metric sockets
- Will not magnetize sockets
- Magnets retain strength permanently
- Includes 28 interchangeable Power Pegs
- Lifetime warranty

MCP72421 - 1/4" Drive

MCP72422 - 3/8" Drive

MCP72423 - 1/2" Drive

 **WARNING:** Cancer and Reproductive Harm - www.P65Warnings.ca.gov

Magnetic Mat

- Magnetic, convertible and interchangeable means for storing and organizing sockets
- Customize any tool box and utilize storage space in the most unlikely areas
- Versatile enough to be used in drawers to organize sockets or simply flip the mat over to the rubber side and store a variety of other tools in a vertical position
- The flexible design makes the magnetic mats your most versatile tool...use it almost anywhere you can imagine
- High powered magnets are imbedded in a flexible, high impact poly-pro body
- May be used with Power Pegs (sold separately) in any combination of 3 drive sizes (1/4", 3/8" or 1/2")
- Lifetime warranty

MCP72424 - 2-panel MagKanicMat

MCP72425 - 3-panel Power Mat

MCP72426 - 3-panel Power Mat with 84 assorted power pegs

 **WARNING:** Cancer and Reproductive Harm - www.P65Warnings.ca.gov

MAG-CLIP[®]

By K-Tool International[®]

Mag-Clip Strips

- Magnetic socket holders hold sockets tight without magnetizing them
- Hangs or mounts on any smooth metal surface
- Shallow or deep socket
- Standard or metric sockets
- Holds socket tight and secure on any smooth metal surface
- Will not magnetize sockets
- Magnets retain strength permanently
- Grease, oil and chemical resistant
- Tough polymer base
- Rust resistant
- Lifetime warranty

Interchangeable Mag-Clip Strip

- Use with additional Power Pegs (sold separately) in any combination of 3 drive sizes to customize your workspace
- Includes 10 interchangeable Power Pegs
